MEMORANDUM FOR THE SIGINT COMMITTEE

Subject: Centralized Record of SI Access Approvals

Reference: SIGINT-4.2/112, 8 July 1977, [redacted]

25X1

1. In paragraph 5 of the reference, the Director of Central Intelligence expressed the wish to have a centralized record of all sensitive compartmented information (SCI) access approvals. He directed that plans be made to list all Special Intelligence approvals in the computerized data base maintained by CIA's Compartmented Information Branch (CIB).

2. At this time the CIA data base records all SI approvals for contractor personnel, employees of non-NFIB agencies, and staff personnel of CIA, the Intelligence Community Staff, the FBI, Department of Energy and the Department of Justice. In addition, the CIB records contain entries for many individuals employed by NFIB member agencies on the basis of their holding TK or [redacted] access approvals. Compliance with the DCI's wishes, therefore, entails only the addition of an entry denoting SI approval for those persons already listed, or a completely new entry for those not so listed.

25X1

3. Please advise me by 17 April 1978 of your estimate of the time and level of effort your agency will require to prepare for participation in the centralized data base concept for SI approvals.
